

## OUR VISION

To be the best institution for protecting and creating environment awareness by educating the youth, offering programs and resources for the students.

## AIMS AND OBJECTIVES

- To inculcate the environment friendly habits in children.
- To develop scientific temperament among children.
- Motivate the students to keep their surroundings green and clean by undertaking plantation of trees.
- Promote ethos of conservation of water by optimizing the use of water.
- Motivate students to imbibe habits and life style for minimum waste generation, source separation of waste and disposing the waste to the nearest storage point.
- To develop skills of observation, experimentation, survey, recording, analysis, reasoning needed for conserving environment through activities.
- Organize seminars, debates, lectures and popular talks on environmental issues in the school to motivate the students to keep their surroundings green and clean.
- Promote ethos of conservation of water by optimizing the use of water and cleaning of water body in the adjacent area.
- Educate students to create awareness amongst public and sanitary workers, so as to stop the indiscriminate burning of waste which causes respiratory diseases.
- Sensitize the students to minimize the use of plastic bags, not to throw them in public places as they choke drains and sewers, cause water logging and provide breeding ground for mosquitoes.
- Organize tree plantation programs, awareness programs such as quiz, essay, painting competitions, rallies, nukkad natak etc. regarding various environmental issues and educate children about re-use of waste material & preparation of products out of waste.

## CORE MESSAGE

Dear Parents, Students and Eco Enthusiasts,

I am pleased to share the outstanding achievements of our Eco Club. Thanks to the hard work and commitment of everyone involved, we have successfully completed several impactful activities and secured a position among the top 25 Eco Clubs in the state. This milestone is a testament to our dedication to sustainability.

Looking ahead, we are determined to reach even greater heights in the upcoming session. With continuous effort and a strong focus on adhering to environmental protocols, we aim to secure a top-ranking position in the state.

Your ongoing support plays a vital role in helping us achieve this goal.

**Let's work together to build a greener, more sustainable future.**

Warm regards,

**Ms. Jitender Kaur**

**(Principal)**

## THE OUTLOOK

Dear Students, Faculty, and Eco Enthusiasts,

As the coordinators of the ECO Club, we take immense pride in being part of the vibrant eco-conscious community at Guru Nanak Public School. Our journey has been both enlightening and rewarding, and we are deeply grateful to our Principal and the school management for their unwavering support. Together, we are fostering a green mindset in our students, laying the foundation for a brighter, more sustainable future.

Our dedication to environmental stewardship is reflected in the diverse range of initiatives we have undertaken within the school. From tree plantation campaigns to waste reduction programs, every effort is designed to inspire awareness about environmental issues and encourage positive, eco-friendly actions. Through these activities, we aim to equip our students with the knowledge and tools to protect our planet for generations to come.

We are thrilled to announce that, in recognition of our efforts, we have been ranked among the top 25 ECO Clubs in the state. This achievement, especially given that we are still in the early stages of our mission, is a testament to the hard work and passion of our club members. It motivates us to push forward and strive for even greater accomplishments in the year ahead.

As we look back on the past year, we are filled with gratitude for the enthusiastic participation and commitment shown by our members. Your dedication to promoting environmental sustainability has been the key to our success. Looking forward, we plan to expand our initiatives, build new partnerships, and make an even bigger impact within our school and beyond.

In closing, we would like to express our heartfelt thanks to everyone who has contributed to the success of our ECO Club. Let's continue working together to nurture a sustainable, eco-conscious future for all.

**Best regards,**

**Mr. Shivam Sharma**

**Mr. Amarjeet Singh**

## ECO CLUB AREA RENOVATION

A renovation drive was initiated to transform the eco club area into a vibrant space. The club coordinator, along with the support of the respected Principal and management, planned and oversaw the entire project. New pipes were installed to enhance the functionality and aesthetic appeal of the area. Creative and unique hanging structures in various shapes were added, contributing to the fresh new look. The objective was to create an inspiring environment that aligns with the eco-friendly values of the club. The project aimed to make the space more engaging for students and encourage creativity. Each element was carefully chosen to blend with the overall theme of sustainability. The new design reflects a perfect balance of nature and modernity. With this renovation, the eco club is now ready to host more activities. It's a welcoming and dynamic space for everyone involved.

# SHIKSHA SAPTAAH

Shiksha Saptah is a week-long celebration dedicated to the anniversary of the National Education Policy (NEP) 2020. The Ministry of Education, Government of India, organizes this event every year. In 2024, Shiksha Saptah was observed from July 22 to 28. During this week, several educational activities were conducted to promote learning and awareness. One of the key activities was "Plant for Mother Earth," encouraging students to take part in environmental conservation. Scientific experiments were also held to spark curiosity and enhance practical learning. The celebration aimed to highlight the importance of quality education and its role in nation-building. Schools and institutions across the country participated enthusiastically. The week brought together students, teachers, and communities to engage in meaningful educational experiences. It reflected India's commitment to improving education through the NEP 2020.

# WORLD EARTH DAY

World Earth Day was celebrated with great enthusiasm by the Eco Club and students of class IX and XI. To mark the occasion, a special poster-making activity was organized, focusing on various topics related to environmental conservation. Students actively participated, showcasing their creativity while raising awareness about pressing environmental issues also a quiz competition was organized, engaging students in fun and educational activities. The quiz focused on environmental issues, encouraging students to broaden their knowledge. Mr. Amarjeet Singh conducted a session, sensitizing the students about their responsibilities to protect Mother Earth. He spoke passionately about the urgent need for sustainable practices and conservation efforts. The students actively participated and learned about the significance of preserving the environment. The session emphasized the importance of taking personal responsibility for Earth's well-being. The event culminated in a heartfelt pledge to save the planet. Students vowed to make conscious efforts to protect the environment in their daily lives.

# WORLD NATURE CONSERVATION DAY

World Nature Conservation Day was celebrated with great enthusiasm at our school. The day began with a plantation drive, which was initiated by our Principal, Ms. Jitender Kaur. She emphasized the importance of conserving nature and the need for greener practices. Students participated enthusiastically in planting trees around the school campus, contributing to the cause. Following the plantation, an awareness rally was organized by the students of class VIII. The rally aimed to spread the message of nature conservation within the community. Students carried placards with slogans highlighting the need to protect the environment. The rally was a visual demonstration of the collective effort to promote sustainability. The event inspired both students and teachers to take action for preserving nature. It was a successful day, reinforcing the importance of protecting our planet for future generations.

# ANTIBULLYING DAY

Anti-Bullying Day was observed in collaboration with the Anti-Bullying Committee of Guru Nanak Public School. The event aimed to raise awareness about the harmful effects of bullying and promote a positive school environment. A short play was prepared to sensitize students about the various types of bullying that children may face, including physical, verbal, and cyberbullying. The play conveyed important messages about kindness and respect among peers. Additionally, a session on "Good Touch and Bad Touch" was organized to educate students about personal safety. Principal Ms. Jitender Kaur highlighted the importance of creating a safe and supportive environment for everyone. She emphasized that a positive atmosphere helps students grow emotionally and mentally. The event aimed to foster a culture of respect, empathy, and safety.

## COLLABORATION WITH HELP THE GIRLS GROUP

The Eco Club collaborated with a social group called Help The Girls Group, led by Revenue Officer Ms. Shakuntla Patial and other social service providers. As part of the collaboration, the group generously provided over 50 saplings for plantation at the school. In addition to the plantation drive, the group also recognized and awarded the school's sports achievers for their outstanding performance. Ms. Krishna Bansal, a member of the group, shared her own composed poetries with the students and donated her books to the school library. Principal Ms. Jitender Kaur, Chairman Mr. Nasib Singh, and other group members expressed their gratitude for the group's kind gesture. The event highlighted the importance of community support, environmental awareness, and promoting education. It was a day of learning, giving, and fostering a sense of social responsibility. The Eco Club's initiative, along with the collaboration, created a lasting impact on both the students and the wider school community. The event was a beautiful display of kindness and unity in making a difference.

## DONATION DRIVE ON DIWALI

On the occasion of Diwali, a donation drive was organized by the school, encouraging students to collect unused materials, food items, and other essentials from their homes. The students were divided into groups, each led by a team of teachers, to visit nearby slum areas. In these areas, the students shared their donations with the underprivileged, including clothes, food, sweets, books, and sanitary napkins. Along with distributing the items, the students took the time to engage with the residents and listen to their daily life challenges. They also spoke about the importance of cleanliness and hygiene, encouraging healthier habits. The initiative not only brought joy to those in need but also helped the students develop empathy and a sense of social responsibility. The event was a meaningful way to celebrate Diwali by spreading love and care to those less fortunate. It highlighted the true spirit of giving and making a positive impact on the community. The donation drive was a success, fostering unity, kindness, and awareness.

## CERTIFICATION

# NATIONAL GREEN CORPS

## "Eco Club"

Catalysed and Supported by
